A: suggest making flights more expensive/ want to work in other countries

B: visit relatives regularly/ try to protect the environment

C: like relaxing while they travel

D: find flying tiring/ need to fly for their work

*Đoạn văn của 4 người:

A: I have a dream that I work as a tour guide. So I understand that I will have to fly to other countries. In my personal opinion, airplanes are currently too cheap compared to the damage they cause to the environment, so I believe we should add taxes to airline ticket prices to make people choose to use other means of transport before they think about flying. I believe that people are also very happy when they can contribute to protecting the environment.

B: My family and siblings live quite far from me. So I often have to fly to visit them every month when I have time. We really appreciate the time we spend together and we are happy to be able to meet each other and share our new story. I know that traveling by plane too much is not good for the environment so I often shop online or go to work by bike instead of going by car or I reuse plastic bags and paper bags. In addition, I sometimes volunteer to clean up trash in the neighborhood.

C: I was a businessman so I had to fly many times a week. I had to go to other countries to be able to sign wine trading contracts with them. I felt very tired every time I have to fly. Now, my sister and I, whenever we have free time, take the train together and we enjoy that time very much because I can travel while sightseeing and relax without any stress.

D: If I have to go somewhere I will choose other means of public transport, not the plane. Every time I go on a plane I feel extremely tired and I just hope time passes quickly so I can get off that plane. However, due to the specific nature of my job, I have to film in many different locations, so sometimes I cannot avoid having to take this public transportation.

The music was too low and it didn't make the meal atmosphere lively. Next time turn the music louder, please!

B: This is a very famous restaurant that I saw in the newspaper. Sadly, I arrived later than the rest of the party, so I didn't get to order dinner. However, I ordered orange juice and mango juice and they were both delicious. What about the surroundings? Lively music along with fashionable and appropriate decor makes me feel very comfortable.

C: I'm not sure if I will return to this restaurant. I think the staff was arguing when I got there, because the atmosphere here was not very comfortable. As for the food, I think there's nothing to write about. I ordered fish and chips, it wasn't bad, but it wasn't good either. But many people say that the food here is fabulous. So, I think I'm an exception.

D: I don't understand why this restaurant is so famous. When I arrived and saw a menu with lots of different dishes, I saw this as a bad sign. B: I used to struggle very much to finish reading a book that we were expected to read. However, now that I read for my own pleasure, I don't mind too much. I usually don't limit myself to reading one at a time. There are so many titles I can choose from that get me excited. I have a list of books that I want to read in the future.

C: I often keep a book on the bedside table to read before going to bed. The problem is, I get tired after reading only half of a page, and I fall asleep. When I have free time, I usually want to read light books, like mystery novels or comedy. I often read on the train to work. D: When I go out, I only care about two things: good food and a good play. I especially liked the lunch I had in this city, it was delicious and I really want to come back here next time. B: I'm a very busy person and I have to spend this weekend with my family because I only have the weekend as free time. I think young people who don't have families should help. Besides, students and schools also have days off on weekends. I think this volunteering will be very helpful for students' future careers.

C: I think this volunteering is a good idea but it doesn't have a long-term vision. When volunteers clean up the park, it will be clean, but it will become busy again after about a month when tourist season arrives. I think we should clean this park regularly about once a month. Surrounding areas such as the lake and local forest should also be cleaned up. We should also have signs telling visitors to clean up their trash. I am very upset when I see a lot of trash on both sides of the road.

B: When I travel somewhere, I often ask for bus routes to famous tourist destinations so that I can get to those places as quickly as possible and avoid wasting time going around. However, the bus routes are quite few and there are many time constraints. We toured the neighborhoods on foot. I loved this experience because I could see many beautiful sights.

Deniz: There's a lot of food here and I spend most of my time eating. I can't recommend any of the dishes because they are all very impressive. The food at the restaurant is not very diverse but for me that is not a problem. What matters to me when going out to eat is who you go with. I often eat with colleagues or close friends when I get off work, it's very fun

Benigno: I used to often go to the most fashionable and luxurious restaurants to eat. However, now, I'm back to being a student and my finances won't stretch that far. Therefore, I often cook for myself and watch recipes and cooking methods on the internet. That helps me to be able to focus on my studies without losing concentration.

Therefore, I eat at as many places as possible even though they are a bit pricey. That's why I joined the cooking club, where I can learn many new recipes and also meet many friends.

Alon: I don't understand why so many people want to find many different recipes for one dish. I know clearly what I like and I eat exactly that food. My dad is a good cook, he knows what ingredients I don't like to eat, which obviously are a lot. I love being home and eating with my family.
